PERMISSION TO PUBLISH STUDENT IMAGES AND WORK FOR SCHOOL PURPOSES

Dear Parents/Caregivers,

To promote and celebrate the achievements of our students and school, we seek permission from parents/caregivers to publish video or images of your child or schoolwork.

The media for these publications may include the school's closed Facebook group, newsletters and Compass. The images or video taken may occur in the classroom or at events such as Athletics Carnivals. When published the school may include student first names but will not include surnames.

On occasion the school will publish articles in the local newspaper the Community Spirit. The school also requests consent for use of these images or visuals for promotional material such as the school website.

When students attend incursions or excursions, parents/caregivers may be provided with media release forms by the third party to publish video/images for marketing purposes. These third party forms will be distributed at the time of the incursion/excursion.

We have indicated on the attached form three different areas of permission for videos and images to be taken and published. Could you please confirm consent by ticking the appropriate box and returning to the school.
